The 2022 Bangladesh Demographic and Health Survey (2022 BDHS) was conducted under the authority of the National Institute of Population Research and Training (NIPORT), Medical Education and Family Welfare Division, Ministry of Health, and Family Welfare (MOHFW). The survey was implemented by Mitra and Associates, a private research agency, from June 2022 to December 2022. The funding for the 2022 BDHS was provided by the Government of Bangladesh (GOB) and the United States Agency for International Development (USAID). ICF provided technical assistance through The DHS Program, a USAID-funded project providing support and technical assistance in implementing population and health surveys in countries worldwide.

Cover: The Warriors of Terracotta: The warriors are facing each other riding on chariots—from the terracotta works of Kantaji Temple. Erection of the temple started in the year 1704 and ended in 1752. Taken by Utpal Saha on November 22, 2009, at Kantaji Temple, Dinajpur, Bangladesh.
